Second: SMART INVESTMENT

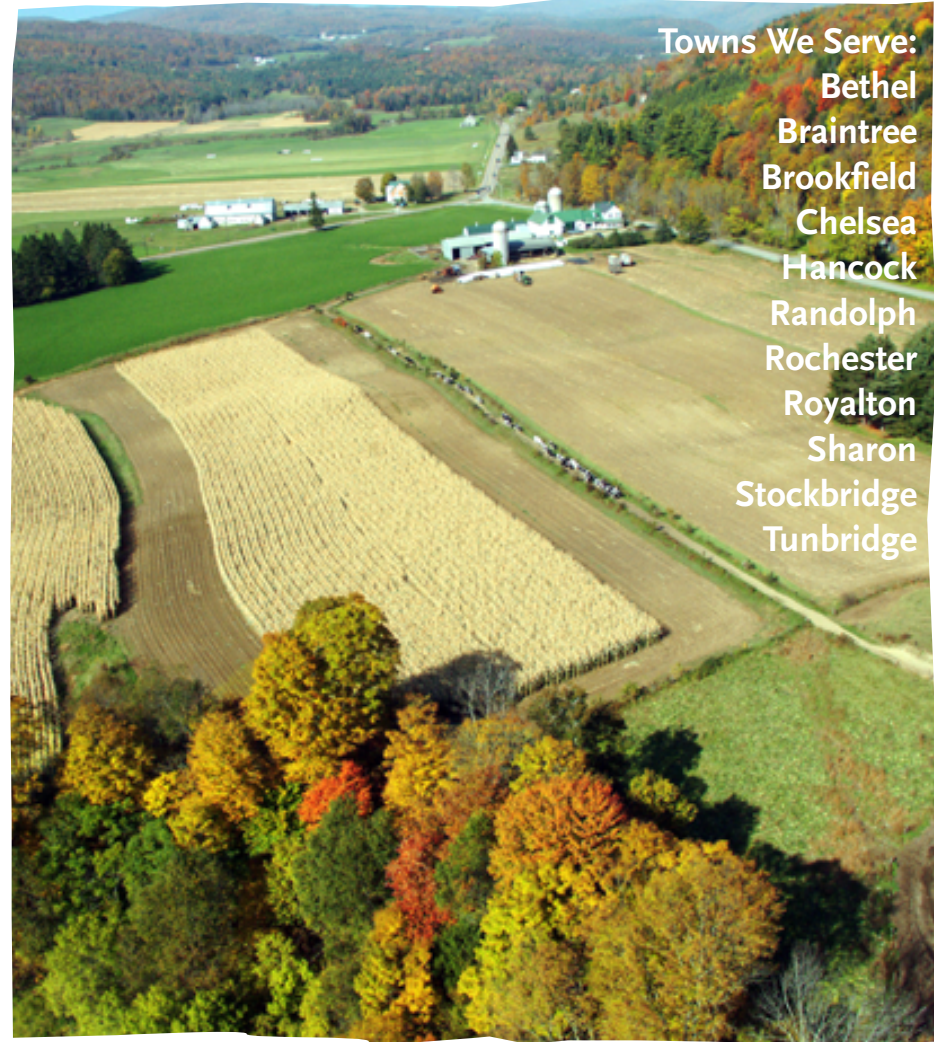

An investment in the Randolph Area Chamber of Commerce (RACC) is an investment in your business and community. We all depend on an infrastructure of other successful businesses and resources to help us achieve our goals. In prosperous times, as well as more economically challenging times, it is vital that business leaders work together to promote an active, growing economy. The Chamber does this by exploring responsible solutions to issues that inhibit economic health in our area, by addressing the health of the community as a whole, by distributing information, and by providing a voice for its membership.

The Chamber serves approximately 200 business and individual members from the 11 towns in the Heart of Vermont. We work closely with community groups to ensure a system of support for local businesses and residents. By offering networking and marketing opportunities as well as answering phone, email, and walk-in inquiries of all kinds at our office on Route 66, your local Chamber is viewed as an information resource for local businesses and individuals as well as for those interested in relocating to the area. Working with the Vermont Chamber of Commerce and the Vermont Association of Chamber of Commerce Executives, RACC actively advocates at both the local and state levels for legislation that will positively affect local businesses and our area in general.

RACC sponsors and collaborates on a number of special events and projects to promote the area and to support the initiatives of the towns' Main Street programs. The Fourth of July Parade and Celebration, Fall Golf Classic, Randolph Region Area Guide, Holiday Shopping Card and Scholarship Bowling are just a few of the ways we bring visibility to the Heart of Vermont. The Chamber website, www.randolph-chamber.com, receives an average of 60,000 hits per month, with only members listed in the service directory.

During the Legislative session the Chamber holds a series of breakfast forums. These forums give members and non-members opportunities to meet and speak with area representatives and other elected officials. In addition, each election year, the Chamber also coordinates a Candidates Forum, inviting all candidates to present their individual platforms to area voters.
